## Partners

The success of an urban squash program is built on a foundation of strong community partnerships with various stakeholders working together to achieve a common goal - life enrichment for city school youth through squash, academics and community service. Over the next few months, we seek to engage suitable and committed partners and build these relationships.

**Academic Partner:** A committed high-need RCSD middle or high school, preferably located in a socioeconomically lower area of the City of Rochester. School support for the program will be crucial especially in coordinating the initial tryout process.

**Facility Partner:** A local health club/facility preferably located in downtown Rochester and committed to donate/lease facility space for 6 hrs/week (2 hrs/day, 3 days/week). Facility space must include squash courts and adjoining space for classroom/academic activities.

**Sponsors:** Individual angel and organizational sponsors including community development grant agencies. We also welcome your participation and input on the founding board of FutureSquash.

Currently, we are endorsed by our founding partner, the [Rochester Squash Racquets Association \(Squash Rochester\)](#), a local volunteer run nonprofit organization committed to promoting the sport of squash in the Greater Rochester area.

For a detailed business plan, to get involved or if you have a question, please write to us - [info@futuresquash.org](mailto:info@futuresquash.org)
